

Basil SEEDS

Basil seeds are high in fiber, a good source of minerals, rich in plant-based omega-3 fat, and plentiful in beneficial plant compounds.

The fibrous, pectin-rich gum from basil seeds could be a valuable ingredient in the food industry, as it's flavorless and can help thicken and stabilize mixtures

Our *Khair* brand and label is the hallmark of guarantee that you are buying a product of the highest quality.

General Description

Name: Basil seeds / *Ocimum Basilicum* L

Origin: Egypt

Quality and specifications:

ASTA , 99 % , 97% , 96%

Season :
